7. Adoption from North Macedonia & handover

Our animals are located at Our Forest in North Macedonia. Travel to Germany or another country will only take place after a positive adoption decision and once all animal-health, veterinary and transport requirements applicable at the time of travel have been fulfilled. Our Forest will coordinate the specific handover with you individually.

Preferred handover / delivery address (if different from home address):

Are you flexible if legal travel is delayed for veterinary reasons?

Yes

No

Handover dates are only binding after all required clearances are complete.

Private collection / transport only after explicit coordination with Our Forest.

Important for the settling-in period: A rescued animal may initially be insecure, fearful, not yet house-trained or may need time to learn everyday routines and build trust. Patience, consistency and a calm adjustment period are part of the adoption.

8. Consent to the adoption process

I agree to a pre-adoption home check and, if required, a follow-up check.

I confirm that the information I have provided is complete and truthful.

I am willing to update Our Forest on the animal's adjustment after adoption.

If I can no longer keep the animal, I will contact Our Forest first.

I understand that this form does not create a right to adoption.

9. Data protection & confirmation

The information provided will be used exclusively to assess, arrange and follow up a possible adoption and for necessary communication concerning transport and handover. Please do not enter passport numbers, ID-card numbers or other unnecessary sensitive document data in this form. Official information that is actually required will only be requested later in the adoption process.

I consent to the processing of my information for the purposes stated above.
